

# ESWELL Newsletter

January 2022

Dear ESWELL customer,

First, I want to wish you a happy New Year.

## New products

Over the past two years, we have developed and tested some new positioning pads for children in cooperation with our Norwegian partner, Dico A/S and Rikshospitalet in Oslo. This cooperation has resulted in seven new pads for children which are available now and that will also be included in our updated brochure.

Item no.	Description	Colour	Size D x H in mm	List price in EUR	
229094	Horseshoe head pad, children	Pink	130 x 30	147,30	

A smaller horseshoe head pad like our item no. 229566, just smaller to fit the head of small children.

Item no.	Description	Colour	Size L x W x H in mm	List price in EUR	
229117	Pad for head positioning, children	Pink	200 x 220 x 50/10	164,65	

A slightly smaller (and a little adapted) version of our head pad for children, item no. 249089. Suitable also for infants.

**ESWELL**

If you are interested in these new pads for children, and if you can see a market for them in your country, please let me know and we will arrange a demonstration in the near future (physical or virtual meeting).

### Discontinued products

We have also decided to optimize our product range and the following products have been removed from our standard range and from the brochure:

Item no. 229971

Item no. 229714

Item no. 248109

Item no. 248610

Item no. 248158

Item no. 248159

Item no. 299771

We still have some of the discontinued products on stock and they will also be available in the future – you just must calculate with a longer delivery time.

**ESWELL**

### Updated brochures

The updated brochures will be send to you as soon as they are available in your language and they will also be put online on our website [www.eswell.eu](http://www.eswell.eu).

### Delivery times in general

Like many other branches, we are still experiencing a shortage in materials and long delivery times from our sub-suppliers. However, the situation has improved over the past months, and we are currently working with six weeks production time. We hope that this situation will continue to improve further over the next months.

### International exhibitions

If the COVID-19 situation allows it, we will be present at the below international exhibitions and congresses in 2022:

Arab Health 2022, Dubai, UAE, 24.01. – 27.01.

EORNA 2022, Stavanger, Norway, 12.05. – 15.05.

If you are planning to participate at a congress/exhibition/meeting in your country, where you think that the participation of ESWELL could make a difference, let me know. I can join you at the exhibition and take with me our pressure-imaging system to show how pressure changes when placing patients in different positions.
